## Minnesota Pollution Control Agency

October 13, 1983

Mr. Eric P. Radke  
Henkel Technical Center  
2010 East Hennepin Avenue  
Minneapolis, Minnesota 55413

Dear Mr. Radke:

RE: October 5, 1983 Meeting

This letter will acknowledge our October 5, 1983 meeting in which we discussed the Minnesota Pollution Control Agency (MPCA) investigation of hazardous waste hotline complaint 557-H.

The complaint alleges that containerized wastes are being improperly stored on Mr. Ronald Swanson's property near Almelund, Minnesota. The containers were marked with Henkel Corporation labels.

As a result of our meeting, you indicated to me that the containers were given to Mr. Swanson (a Henkel employee) during May of 1979. Mr. Swanson was suppose to have used the waste as fuel for his farm implements. You stated further that Henkel Corporation will recover and properly manage the waste at their facility in Minneapolis.

The MPCA is requesting that Henkel Corporation notify this office when the necessary arrangements are made to recover the waste.

If you have any questions regarding this matter please contact me at 612/296-7394.

Sincerely,

*Michael J. Tibbetts*
